

INVITATION TO COMMENT ON CLÉMENT BRIDGE REPAIR PROJECT

Transport Canada's Navigation Protection Program administers the *Canadian Navigable Waters Act*.

In accordance with requirements of the *Canadian Navigable Waters Act*, The Jacques Cartier and Champlain Bridges Incorporated hereby gives notice that an application has been submitted to the Minister of Transport for the following works.

Project Description:

Repair work on the beams and diaphragms of the Clément Bridge requires the installation of suspended platforms beneath the bridge. Furthermore, anti-nesting nets are installed prior to the platform setup, before the nesting period, to enable the contractor to carry out the repairs. A temporary access ramp from the south abutment of the bridge, already established for the abutment repair work conducted in 2025, will be maintained to provide access to the platforms.

Common Project Registry Number	Navigation Protection Program File Number	Worksite location
14085	2024-311849	Located above the Saint Lawrence River, at approximately 45° 28' 31.83»N - 73° 32' 28.5»W, between lots 5 636 289 and 1 380 621 of the cadastre of Québec, City of Montreal, Province of Québec.

How to send comments:

Comments about the potential effect of this work must be received within 30 days of this posting.

We invite you to submit comments online through the Common Project Search site at: [Common Project Search \(https://common-project-search.canada.ca/\)](https://common-project-search.canada.ca/). To do so, enter the registry number indicated above in the search box, and follow the instructions. Alternatively, comments can be mailed or emailed to:
