Jacques Cartier Bicycle Path Network Advisory Committee

June 19, 2018

Agenda

- + Meeting called to order *5 minutes*
- + Network operation *10 minutes*
- + Work and projects *40 minutes*
- + Next steps *5 minutes*

Review of goals

- + Formalize and structure discussions about the Jacques Cartier Bridge bicycle path network with user groups and partners
- + Track current issues and projects on a quarterly basis
- + Help promote active transportation with paths that are safe, accessible and user-friendly

Network operation

Planned improvements this season

III Network operation

Follow-up on suggestions for improvement

- + Analysis of reflector installation to reduce path glare
- + Installation of a repair station near the Île Sainte-Hélène pavilion on May 31

Work and projects

Improvements to the pedestrian and bicycle path network

III Ongoing and upcoming work

- + Pilot project for painting and steel work that will have an impact on traffic on the multipurpose path and sidewalk (end of July to end of November)
- + Waterproofing of the path and sidewalk (completed) + friction tests to come
- + Work on the Île Sainte-Hélène ramps (closures to come)

III Replacement of guard rails

Work status

- + Replacement of 500 guard-rail sections along the multipurpose path and sidewalk is finished
- + Inspections and finalization of the work to come (more closures possible)

III Modifications of chicanes

- + Goal of the chicanes
 - Reduce speed
 - Enhance everyone's safety
 - Choice of chicanes to help with the maintenance of the multipurpose path
- + Modifications ongoing
 - One of 3 barriers opened (May 25)
 - Installation of yield right-of-way signs on the chicanes (May 25)
 - With 2 barriers per chicane, the goal has been met to slow traffic to 15 km/h
 - 3rd barrier will be removed soon

Tests and data collection

More testing on the chicanes will be done in the coming weeks:

- + Installation of cameras for 5 days to collect data
- + Evaluation of how different bicycles get through 2 barriers instead of 3
- + Installation of information boards at the path entrances (to come)

III User awareness

- + Date to be confirmed
- + Awareness activity for users of the multipurpose path
- + Signal lights to be distributed
- + Specific instructions for the path
- + Comments collected

Next steps

Contact resource and next meetings

Next steps

- + Modifications to the chicanes, testing and data collection
- + Report on winter maintenance to come at the end of the summer
- + Next meeting in the fall
 - Don't hesitate to send us your ideas for meeting topics by email
